

Welcome!

The Gladstone Area Schools now provides parents an on-line system to add funds to your lunch accounts.

You may use your credit and/or debit card for the transaction, Visa, MasterCard or Discover.

We cannot take credit card payments at our offices, as this is only available over the internet.

We will still accept cash and checks onsite at designated times as we have in the past.

Parents who use the on-line system must first create a free account.

No personal information about your student is available online. The district does not keep your credit card information on file and you will need to re-enter your credit card # each time you use the online system.

You can access the new on-line payment website by going to [www.sendmoneytoschool.com](http://www.sendmoneytoschool.com) Complete the registration page, and add your child's names and student ID numbers (as indicated on the student's registration information/course schedule and Powerschool).

Once you have registered and created a password you will not need the student ID number again. You can check your child's account balances as long as you have access to the internet.

Payments made online will typically be credited to the Food Service Program (Meal Magic) within 15 minutes of submitting the payment (and displayed in PowerSchool up 1-4 hours).

There is a \$2 convenience fee charge for each transaction completed in this system. One transaction can however include multiple students.

We hope this will make payments easier and more convenient.
